

Jurisdiction: **East Central Francophone Education Region No. 3**

Board Priority #	Facility Name	Location	Number of Type A Units Required	Number of Type B Units Required	Link Required (Yes or No)	Category Code	Required Documents Attached?	Age of unit	Site Ready Date	Site Layout Attached?	Detailed Explanation for Category Code / Modular Request
1	New Pre-K to Grade 2 School	Lac La Biche	1	1	Yes	3	N/A	N/A		No	Several section 23 right holders have been identified through a comprehensive demographic study performed by Kiskadee (file attached). The board plans to satisfy its legal obligation to provide francophone education to these right holders by opening a school commencing September 1, 2014. The use of portables would be a temporary solution as the need for homogeneous francophone schools is of the utmost importance. Once proof program may be sustained, the need for a separate school structure will be required.
2	École Beauséjour	Plamondon		2	Yes	3	N/A	N/A			As recommended by facility auditors, the old 70's portables have been removed by the board. As a result, these classrooms were shuffled and placed in rooms not ideally suited for education. Utilization rates for this school appear to be low on paper; however the number of rooms available for classroom instruction fall short for providing substantively equal infrastructure needs therefore, losing the competitive advantages of francophone education. Preference would be a permanent structure to address this need; however portables would be a good temporary solution.
